Bella trasparenza alla vista poi, all'esame olfattivo, rivela note minerali, frutti neri come mirtilli e more, quindi erbe aromatiche come salvia e alloro. Bocca intrigante, di bella beva nervosa, di ottima polpa, finale saporito lungo e di buona bevibilità.

*Beautiful transparency to the eye and then, on olfactory examination it reveals mineral notes, black fruits such as blueberries and blackberries, then aromatic herbs like sage and laurel. The taste is intriguing, with a nice nervous drink, excellent flesh, a long and tasty finish and good drinkability.*
